**Subject: Schengen Visa Application for Tourism to Iceland - Sayad Ibne azad (Passport No. htr)**

I am writing to formally submit my application for a Schengen tourist visa to visit the beautiful country of Iceland. My name is Sayad Ibne azad, and I hold Bangladeshi passport number htr. I am currently a successful Business Owner, and I am the proud founder and proprietor of my company, which I simply refer to as 'b'. My primary purpose for this trip is purely for tourism and recreational travel, allowing me to experience Iceland's world-renowned natural wonders and unique culture. I plan to embark on this incredible journey from September 20, 2024, to October 03, 2024, for a duration of fourteen (14) days. I am genuinely excited about the prospect of exploring the breathtaking landscapes and vibrant cities that Iceland has to offer, and I have diligently prepared all the necessary documents and information to support my application, ensuring everything aligns with the requirements of the Iceland Embassy. This trip represents a much-anticipated personal holiday, and I look forward to the opportunity to create lasting memories in such a remarkable destination.

My interest in visiting Iceland stems from its unparalleled natural beauty and distinctive geological features, which have always fascinated me. I have spent considerable time researching various destinations, and Iceland consistently stands out as a unique and awe-inspiring place that I must experience firsthand. The prospect of witnessing the majestic Northern Lights dancing across the Arctic sky, a phenomenon often described as one of nature's greatest spectacles, is a dream I hope to fulfill. I am also deeply eager to explore the vibrant capital city of Reykjavik, known for its charming architecture, rich history, and dynamic cultural scene. Beyond the city, the famed Golden Circle route, with its powerful Gullfoss Waterfall, the erupting Strokkur geyser at Geysir, and the historical Thingvellir National Park, promises an unforgettable journey into Iceland's heartland. Furthermore, I am particularly drawn to the soothing geothermal waters of the Blue Lagoon, offering a perfect blend of relaxation and natural wonder. Iceland's reputation for pristine landscapes, active volcanoes, vast glaciers, and friendly, welcoming people makes it my absolute dream destination for this upcoming holiday. This trip offers a

refreshing contrast to my daily business routine and promises an enriching experience that combines adventure with tranquility, allowing me to capture stunning photographs and create memories that will last a lifetime.

During my planned two-week visit to Iceland, from September 20, 2024, to October 03, 2024, I have carefully planned a detailed itinerary to maximize my experience of this incredible country. Upon my arrival in Reykjavik on September 20th, I will check into my pre-booked accommodation and spend the initial days exploring the capital's iconic landmarks, including Hallgrímskirkja church, the Harpa Concert Hall, and the charming Old Harbour, soaking in the local atmosphere. From September 23rd to 25th, I will embark on the renowned Golden Circle tour, visiting the historic Thingvellir National Park, witnessing the powerful eruption of the Strokkur geyser at Geysir, and marveling at the magnificent Gullfoss Waterfall. Following this, from September 26th to 27th, I plan to unwind and rejuvenate at the world-famous Blue Lagoon, immersing myself in its mineral-rich waters. My journey will then take me along the stunning South Coast from September 28th to October 01st, where I intend to visit picturesque waterfalls like Seljalandsfoss and Skógafoss, and experience the unique black sand beach of Reynisfjara. Weather permitting and seasonally appropriate, I will dedicate evenings to searching for the elusive Northern Lights. All my accommodations, including hotels and guesthouses, have been meticulously researched and will be pre-booked before my departure. For transportation, I intend to utilize a combination of organized tour buses for specific routes and potentially rent a car for greater flexibility in exploring certain regions, ensuring a smooth and enjoyable travel experience throughout my stay. I have made sure to arrange everything in an organized manner to ensure a comfortable and memorable trip.

I want to assure the Embassy that I am fully capable of financing my entire trip to Iceland without relying on public funds or seeking employment there. As the proprietor of 'b', a successful and well-established business in Bangladesh, I maintain a strong and stable financial standing. My annual income is a robust BDT 334,621, which provides ample resources to support my lifestyle and travel aspirations. Furthermore, I have substantial savings accumulated in my bank account, with a current balance of BDT 2,342,352. These funds are readily available and more than sufficient to cover all anticipated expenses for my fourteen-day visit to Iceland. This includes the cost of return flights from Bangladesh to Iceland, comfortable accommodation throughout my stay, daily expenditures for food, local transportation, entrance fees for various tourist attractions and activities, comprehensive travel insurance, and a generous reserve for any unforeseen emergencies. I have meticulously planned my budget, taking into account all potential costs associated with an international trip of this nature. My bank statements, which are enclosed with this application, clearly demonstrate my financial solvency and my ability to comfortably afford this holiday without any financial strain.

To further elaborate on my financial capacity, I can confirm that my financial stability is not merely based on current balances but is a reflection of consistent income and diligent savings over several years. My business, 'b', has been consistently profitable, providing a reliable and steady stream of income that allows me to manage my personal finances effectively. I have a proven track record of responsible financial management, ensuring that I always maintain a healthy balance in my accounts. In addition to my primary bank account, I also hold other investment portfolios and savings, further solidifying my financial security, although the primary account mentioned contains more than sufficient funds for this specific trip. I have carefully estimated all the costs involved for flights, hotel stays, daily meals, local travel, and the various activities and tours I plan to undertake, such as the Golden Circle and Blue Lagoon visits. I have budgeted generously to ensure a comfortable and enjoyable experience without any financial worries. Furthermore, I possess internationally recognized credit cards which will provide an additional layer of financial security and convenience during my travels, enabling me to handle any unexpected expenses should they arise. I want to reiterate that I have absolutely no intention of seeking employment or becoming a financial burden on the Icelandic state or its citizens. My trip is solely for tourism, and I am fully prepared to cover all my expenses independently.

My professional life as the proprietor and founder of 'b' in Bangladesh establishes strong and compelling reasons for my return. My business is a thriving enterprise, and I am solely responsible for its daily operations, strategic direction, and overall management. This encompasses everything from overseeing client relations, managing employees, making crucial financial decisions, to developing new business opportunities. My regular presence is absolutely essential for the smooth and efficient functioning of 'b'. The entire team of employees at my company depends directly on my leadership and oversight for their livelihoods and for the continuation of our services. Without my active involvement and decision-making capabilities, the business would undoubtedly face significant challenges and could not function effectively. We currently have several ongoing projects and are in the process of planning future expansions that critically require my personal attention and guidance. The success and sustainability of 'b' are intricately linked to my consistent presence, ensuring that all business commitments are met and our clients remain satisfied. Therefore, it is not merely a matter of preference but a professional necessity that I return to Bangladesh promptly after my short holiday to resume my vital responsibilities and continue driving the growth and success of my company. My commitment to my business and its future is unwavering, providing a powerful incentive for my timely return home.

Beyond my professional commitments, I have profoundly strong family and personal ties in Bangladesh that serve as undeniable motivations for my prompt return. I am a devoted husband and a loving father, and my beloved wife, Mrs. Azad, along with our two wonderful children, Aryan and Zara, depend on me for their well-being and support. They

are the cornerstone of my life, and my responsibilities towards them are paramount. Our family unit is deeply rooted in Bangladesh, and I am committed to providing for them and being an active part of their lives. Furthermore, I am a significant property owner in Bangladesh, possessing both residential properties and commercial land. These substantial assets, which represent a significant portion of my life's savings and investments, require my personal oversight and management. Abandoning these valuable assets or my family is simply not an option. My cultural and social connections within my community in Bangladesh are also very strong; I am actively involved in local events and have a wide network of friends and relatives. These deep-seated emotional, financial, and social responsibilities firmly bind me to my home country. The thought of not returning to my family, my business, and my assets in Bangladesh is inconceivable, reinforcing my absolute intention to depart Iceland on or before my visa expiration date.

In conclusion, I reiterate my sincere intention to visit Iceland purely for tourism purposes, exploring its incredible natural landscapes and cultural heritage. I confirm that my entire trip will be self-funded, as demonstrated by my stable income and substantial savings, ensuring I will not be a financial burden on Iceland. My strong and unwavering ties to Bangladesh, encompassing my thriving business, my beloved wife and children, and my significant property holdings, provide compelling and undeniable reasons for my return to my home country. I am fully aware of the conditions of the Schengen visa and assure the Embassy that I will strictly adhere to all immigration laws and regulations of Iceland and the Schengen Area. I commit to departing Iceland on or before the specified end date of my visa, October 03, 2024. I am available for any personal interview, should it be deemed necessary, and I am prepared to provide any additional documentation or information required to support my application. I am truly grateful for your time and kind consideration of my visa application, and I sincerely hope for a favorable decision. Thank you for your understanding and support in making my dream trip to Iceland a reality.

Yours faithfully,
