**Subject: Application for Schengen Tourist Visa – MD ASADUJJMAN (Passport No. A06608941)**

I am writing this letter to formally apply for a Schengen tourist visa to visit the beautiful country of Spain. My name is MD ASADUJJMAN, and I am a Bangladeshi citizen holding passport number A06608941. I am currently a proud business owner and the proprietor of "ABRAR TRADING," a company that I founded and have been successfully managing for several years. My aim is to experience the rich culture, fascinating history, and breathtaking architecture of Spain during a planned trip from February 12, 2026, to February 22, 2026. This journey represents a long-held personal dream to explore one of Europe's most captivating countries, immerse myself in Spanish culture, and create unforgettable memories.

Spain has always fascinated me with its unique blend of ancient history, modern vibrancy, and diverse cultural heritage. I am particularly excited to visit Madrid, the magnificent capital city, where I plan to explore the Royal Palace of Madrid, one of Europe's largest royal palaces, and the world-renowned Prado Museum, home to masterpieces by Velázquez, Goya, and El Greco. I also wish to stroll through Retiro Park, a green oasis in the heart of the city, and experience the bustling atmosphere of Plaza Mayor and Puerta del Sol. Beyond Madrid, I am eager to witness the architectural wonders of Antoni Gaudí's Sagrada Familia and Park Güell in Barcelona, walk down the famous La Rambla, and explore the Gothic Quarter's medieval streets. If time permits, I hope to visit the historic city of Toledo, known for its medieval architecture and rich multicultural heritage. I am also very interested in experiencing authentic Spanish culture through flamenco performances, sampling traditional tapas at local bars, and learning about Spain's fascinating Moorish influence, especially at the Alhambra Palace in Granada. Spain's reputation as a safe, welcoming country with excellent tourism infrastructure makes it the perfect destination for my first visit to the Iberian Peninsula.

My travel itinerary is carefully planned to make the most of my time in Spain. I will depart from Dhaka on February 12, 2026, arriving at Adolfo Suárez Madrid-Barajas Airport (MAD) in Madrid. My accommodation is confirmed at Hotel Gran Meliá Fénix, a prestigious hotel located in the heart of Madrid's Salamanca district, known for its elegance and proximity to major attractions. My stay will span 10 days, during which I plan to explore Madrid's rich cultural offerings, including the Prado Museum, Reina Sofía Museum, Royal Palace, Gran Vía for shopping, and Santiago Bernabéu Stadium for a Real Madrid experience. I also intend to take day trips to nearby historic cities such as Toledo and Segovia, famous for their medieval castles and Roman aqueducts. I

have allocated time to experience Spanish cuisine at authentic restaurants, attend a traditional flamenco show, and walk through the beautiful Retiro Park. My return flight to Dhaka is scheduled for February 22, 2026. I have enclosed my confirmed flight e-ticket and hotel booking as supporting documents. All arrangements have been made in advance to ensure a smooth, well-organized trip.

I am fully capable of financing this trip entirely from my own resources without any external financial assistance. As the proprietor of "ABRAR TRADING", I have a stable and successful business that generates a consistent monthly income of BDT 300,000. My annual income stands at BDT 3,600,000, which provides me with substantial financial security. I maintain a savings account with City Bank, account number 210171032559, with a current balance of BDT 274,997. This balance, along with my regular income, is more than sufficient to cover all expenses related to my Spain trip, including international airfare, hotel accommodation, daily meals, local transportation, museum entrance fees, shopping, travel insurance, and any emergency expenses that may arise. I have carefully budgeted for this trip and understand that a 10-day visit to Spain will require adequate funds to maintain a comfortable standard of living.

In addition to my primary bank account, I maintain multiple financial resources that demonstrate my economic stability and ability to fund this journey. I have consistently maintained healthy bank balances over the past several years, as evidenced by my bank statements attached with this application. My business has been operating successfully for many years, generating steady revenue and providing me with financial independence. I have already paid for my flight tickets and hotel accommodation in advance, which shows my commitment and financial preparedness for this trip. I fully understand the costs associated with traveling to Spain, including meals at restaurants (approximately EUR 30-50 per day), local transportation via metro and taxis (approximately EUR 10-20 per day), museum and attraction entrance fees (approximately EUR 100-150 total), shopping and souvenirs (approximately EUR 200-300), and miscellaneous expenses. I can assure the Embassy that I have sufficient funds to cover all these expenses without any financial burden. I will not be a financial burden to Spain or any Spanish citizen during my stay, and I will return to Bangladesh as scheduled with all my financial obligations fulfilled.

My business, ABRAR TRADING, is my primary source of income and my life's work. As the proprietor and founder of this import business, I am personally responsible for all major business decisions, operations, and strategic planning. The company is registered under Dhaka South City Corporation with Trade License Number TL/2026/29601, and I have been operating this business successfully for several years. My business involves importing goods, managing supplier relationships, handling customs documentation, overseeing logistics, and serving our customer base across Bangladesh. I work closely with my team of employees who depend on me for guidance, decision-making, and the overall direction of the company. My physical presence is essential for signing important documents, meeting with clients and suppliers, managing financial transactions, and ensuring smooth daily operations. I have several ongoing business contracts and upcoming commitments that require my attention and presence in Bangladesh. Additionally, I am planning to expand my business operations in the coming months, which will require significant time, effort, and my direct involvement. I cannot afford to stay away from my business for an extended period, as it would negatively impact operations, revenue, and employee morale. My business ties to Bangladesh are therefore very strong, and I am fully committed to returning

immediately after my planned trip to Spain to resume my responsibilities.

My strongest ties to Bangladesh are my beloved family members who are the foundation of my life and the reason I work so hard every day. I am a dedicated husband to my wife, Fahmida Begum, and a loving father to our two young children—our son Rahman, who is eight years old, and our daughter Mariam, who is five years old. They are my entire world, and I cannot imagine being away from them for more than the short duration of this trip. My children are enrolled in school in Dhaka, and their education, daily care, and emotional well-being depend heavily on my presence and support. Additionally, my elderly parents, ABDUL KADER BAPARI (father) and HASSIA BEGUM (mother), live with us in our family home. They are getting older and rely on me for their care, medical needs, and financial support. I have deep respect and love for my parents, and I consider it my sacred duty to look after them in their old age. Our family home is located in Dhaka, where we have lived for many years. This house holds countless cherished memories and is the center of our family life. I also own property in Bangladesh, which represents a significant financial investment and further strengthens my ties to the country. My entire extended family—siblings, aunts, uncles, cousins—live in Bangladesh, and we maintain close relationships. All my social connections, friendships, community ties, and cultural roots are deeply embedded in Bangladesh. I have absolutely no intention of staying in Spain beyond my approved visa period, as my family, home, and life are here in Bangladesh. My family is eagerly waiting for me to return and share my travel experiences with them.

In conclusion, I would like to respectfully request your favorable consideration of my application for a Schengen tourist visa to Spain. I am a responsible, law-abiding citizen with strong ties to Bangladesh through my family, business, and property. I have a clear and genuine purpose for visiting Spain—to experience its rich culture, history, and beauty as a tourist. I am financially capable of covering all expenses for this trip without any external support or burden on the Spanish government. I have provided complete documentation, including my passport, financial statements, business documents, hotel booking, flight confirmation, travel itinerary, and family information, to support my application. I understand and respect all visa rules and regulations, and I assure you that I will strictly comply with the conditions of the Schengen visa. I will not overstay my visa, engage in any unauthorized activities, or violate any Spanish laws. I will return to Bangladesh on the scheduled date of February 22, 2026, to resume my business operations and family responsibilities. I am available to attend an in-person interview at the Embassy if required, and I am happy to provide any additional documents or information you may need to process my application. Thank you very much for taking the time to review my application. I sincerely hope for a positive response and the opportunity to experience the wonderful country of Spain. I look forward to this journey with great excitement and gratitude.

**Sincerely,**

MD ASADUJJMAN
