Subject: Application for Schengen Tourist Visa – MD ASADUJJMAN (Passport No. A06608941)

I am writing this letter to formally apply for a Schengen tourist visa to visit the beautiful country of Iceland. My name is MD ASADUJJMAN, and I am a Bangladeshi citizen holding passport number A06608941. I am currently a proud business owner and the proprietor of "ABRAR TRADING," a company that I founded and have been successfully managing for several years. My aim is to experience the unique natural wonders and peaceful environment of Iceland during a planned trip from October 27, 2025, to November 9, 2025. This journey represents a long-held personal dream to explore one of the world's most breathtaking destinations. I am very excited about the possibility of this trip and have carefully prepared all necessary documents to support my application. I assure you that my intentions are purely for tourism and recreation, and I am committed to adhering to all visa regulations and the laws of Iceland and the Schengen area during my stay. I eagerly look forward to the opportunity to discover Iceland's stunning landscapes.

Iceland has captivated my imagination for a very long time, and it stands out as my dream travel destination due to its incredible and distinct natural beauty. I have spent considerable time researching its unique landscapes and geology, which are unlike anywhere else on Earth. I am particularly drawn to the vibrant culture and charm of Reykjavik, the amazing geothermal wonders of the Golden Circle, and the soothing experience of the Blue Lagoon. The thought of witnessing the ethereal dance of the Northern Lights (Aurora Borealis) is a primary motivator for planning my visit during the autumn season. I also keenly anticipate seeing the powerful eruption of the Geysir hot spring and feeling the spray from the magnificent Gullfoss Waterfall, both iconic natural landmarks that showcase Iceland's raw power. Beyond these specific sights, I am fascinated by Iceland's commitment to clean energy, its rich Viking history, and the reputation it holds as one of the safest and most welcoming countries globally. This trip is not just a holiday; it's an opportunity to connect with nature in its most spectacular form, enjoy peaceful exploration, and gain a profound appreciation for a truly unique part of our planet. I believe this journey will offer unforgettable memories and a much-needed break

from my regular business routine.

My planned trip to Iceland is scheduled for 14 days, from October 27, 2025, to November 9, 2025. I have carefully designed an itinerary that balances exploration with relaxation, ensuring I experience the very best of what Iceland offers. My journey will begin in Reykjavik, where I plan to spend the first few days exploring the city's charming streets, visiting landmarks like Hallgrímskirkja church, the Harpa concert hall, and the Old Harbour, immersing myself in the local culture. Following my time in the capital, I intend to embark on a tour of the famous Golden Circle, which includes stops at the historic Thingvellir National Park, the dramatic Geysir geothermal area, and the awe-inspiring Gullfoss waterfall. Another essential part of my plan involves a visit to the world-renowned Blue Lagoon for a relaxing and rejuvenating experience in its mineral-rich waters. I also hope to explore the stunning South Coast, witnessing other majestic waterfalls like Seljalandsfoss and Skógarfoss, and visiting the unique black sand beach of Reynisfjara near Vik. Throughout my trip, I will be actively looking for opportunities to witness the magical Northern Lights, especially given the timing of my visit. I have made preliminary arrangements for comfortable, mid-range hotel accommodations and plan to use a combination of local tours and public transport, possibly renting a car for specific excursions to ensure smooth travel. All my bookings for flights and accommodation will be secured upon visa approval.

I want to assure you that I am fully capable of financing my entire trip to Iceland independently. All expenses, including international flights, accommodation, food, local transportation, sightseeing activities, and comprehensive travel insurance, will be covered solely by my personal funds. I am a dedicated business owner, the proprietor of ABRAR TRADING, which provides me with a steady and reliable income. My annual income stands at BDT 300,000, which reflects my financial stability and consistent earnings over the years. This income ensures that I can comfortably afford all aspects of my proposed journey without any financial strain or needing to seek assistance from anyone in Iceland. To further demonstrate my financial preparedness, I currently hold a balance of BDT 274,997 in my personal bank account, which is specifically allocated for this trip and any unexpected expenses that might arise. The detailed bank statements showing my financial history and current balance are attached with this application for your thorough review. These documents clearly illustrate my strong financial standing and my ability to support myself completely during my stay in Iceland, ensuring I will not be a financial burden to the Icelandic state or any public services.

My financial stability is not just limited to my current bank balance; it is a reflection of my consistent business operations and disciplined financial management over many years. As the founder and proprietor of ABRAR TRADING, my business generates a regular income, which contributes to my substantial savings and overall financial health. While I have highlighted my main bank account, I also manage my business finances separately,

ensuring a clear distinction between personal and professional funds. This disciplined approach means I am always prepared for significant personal expenditures such as international travel. I have carefully researched the estimated costs for a two-week trip to Iceland, considering factors like seasonal pricing for accommodation and activities, and I have budgeted meticulously to ensure my available funds are more than sufficient. I also possess credit cards with adequate limits, offering an additional layer of financial security, though I primarily intend to use my savings. I understand the importance of proving one's financial capability for a Schengen visa, and I am confident that the provided documents, including bank statements and business registration, clearly demonstrate my robust financial position. I am committed to having all necessary funds readily available throughout my visit, ensuring a smooth and worry-free experience without any need for public funds or support in Iceland.

My professional life is deeply rooted in Bangladesh, where I am the proud proprietor of ABRAR TRADING. As the founder and sole owner, I bear full responsibility for all aspects of the business, from strategic planning and financial management to daily operations, client relations, and supplier partnerships. My company operates in the trading sector, primarily dealing as a supplier, and has grown steadily under my direct leadership. The success and continuity of ABRAR TRADING are entirely dependent on my presence and active involvement. I am responsible for managing a team of employees whose livelihoods are connected to the business's success and, by extension, my leadership. Crucial decisions, operational oversight, and maintaining key business relationships all require my immediate attention. We have several ongoing projects and commitments with clients that demand my continuous supervision and expertise. Therefore, my return to Bangladesh after my planned holiday in Iceland is absolutely essential to ensure the continued smooth functioning and growth of ABRAR TRADING. My business is not just a source of income; it is a significant part of my identity and a core responsibility that firmly ties me to my home country.

In addition to my strong business ties, I also have profound personal and family roots that ensure my definite return to Bangladesh. I am a married man, and my beloved wife, SUMAYA AKTER, resides with me in Bangladesh. We also have children who are dependent on me, both emotionally and financially, as the head of our household. My family is the most important aspect of my life, and my responsibilities towards them are unwavering. Furthermore, I am a significant property owner in Bangladesh, possessing valuable assets including my family home and other pieces of land. These properties represent substantial investments and provide a stable foundation for my family's future, cementing my long-term commitment to my home country. Beyond immediate family and assets, I am also deeply connected to my local community and social circles in Bangladesh, where I have spent my entire life. These strong emotional, financial, and social ties create an undeniable obligation and a powerful desire for me to return to Bangladesh. I view this trip to Iceland as a temporary, recreational break, and I have no

intention of overstaying my visa or attempting to seek residence in Iceland or any other Schengen country. My life, responsibilities, and future are firmly established in Bangladesh.

In conclusion, I respectfully submit my application for a Schengen tourist visa to Iceland. My sole purpose for this journey is to experience the extraordinary natural beauty and unique culture of Iceland as a genuine tourist, for a limited and clearly defined period. I want to reiterate that I am fully self-funding this entire trip, and my strong financial standing, as demonstrated by the attached documents, confirms my ability to cover all expenses without any burden on public funds. More importantly, I have exceptionally strong ties to my home country, Bangladesh, through my thriving business, ABRAR TRADING, where my presence is crucial for its operations and the livelihoods of my employees. Additionally, my beloved wife, children, and significant property ownership firmly root me in Bangladesh, providing compelling and undeniable reasons for my return. I understand and promise to abide by all the rules and regulations associated with the Schengen visa, and I will strictly adhere to the proposed itinerary and return to Bangladesh before my visa expires. I sincerely hope that my application receives your favorable consideration. I am available for an interview at your convenience and ready to provide any further information or documentation you may require to support my visa application. Thank you very much for your valuable time and attention to my request.
